Welcome to Arizona State Parks

From pine-scented forests to awe-inspiring desert vistas, there is something for everyone at Arizona State Parks. Our 27 parks include conservation, recreation, and historic sites throughout the entire state. Hike, fish, and camp under the stars. Visit one of the historic parks, and walk in the footsteps of cultures' past, or if you prefer, come learn about nature and the diverse Arizona ecosystem.

Wildlife and Nature

Arizona State Parks offers many opportunities to view a variety of wildlife ranging from the Gila Woodpecker to mountain lions. Don't miss the chance to be surrounded by the desert landscape of sheer mountain cliffs, captivating cacti, lakes and beautiful flora.

Camping

Many campsites offer electric and water hook-ups for RV and tent campers, as well as showers and picnic areas. Campsites are available on a first-come, first-serve basis. You may want to call the park for current information and availability.

History

Whether you're a history buff or just starting to explore Arizona's past, you'll find plenty to see and do at our historic parks. Learn about cultures' past as you visit archaeological sites, or marvel at how early settlers adapted to the pioneer life. Several of the parks offer guided tours or living history

reenactments. Please call the parks for more details.

*Come Experience Arizona's
Natural and Historic Wonders!*

Future Parks

Sonoita Creek State Natural Area is a flourishing riparian area that winds through the rugged beauty of the steep canyons and rolling hills of southern Arizona. Sunshine often filters through the green foliage of cottonwoods,

sycamores and mesquite creating delightful patterns along the creek bed. Call (520) 287-2791 for more information.

The wide open spaces along the Mexican border contain many rare and endangered species, as well as the last remaining shortgrass prairie in Arizona. The San Rafael Ranch State Park was featured in the 1955

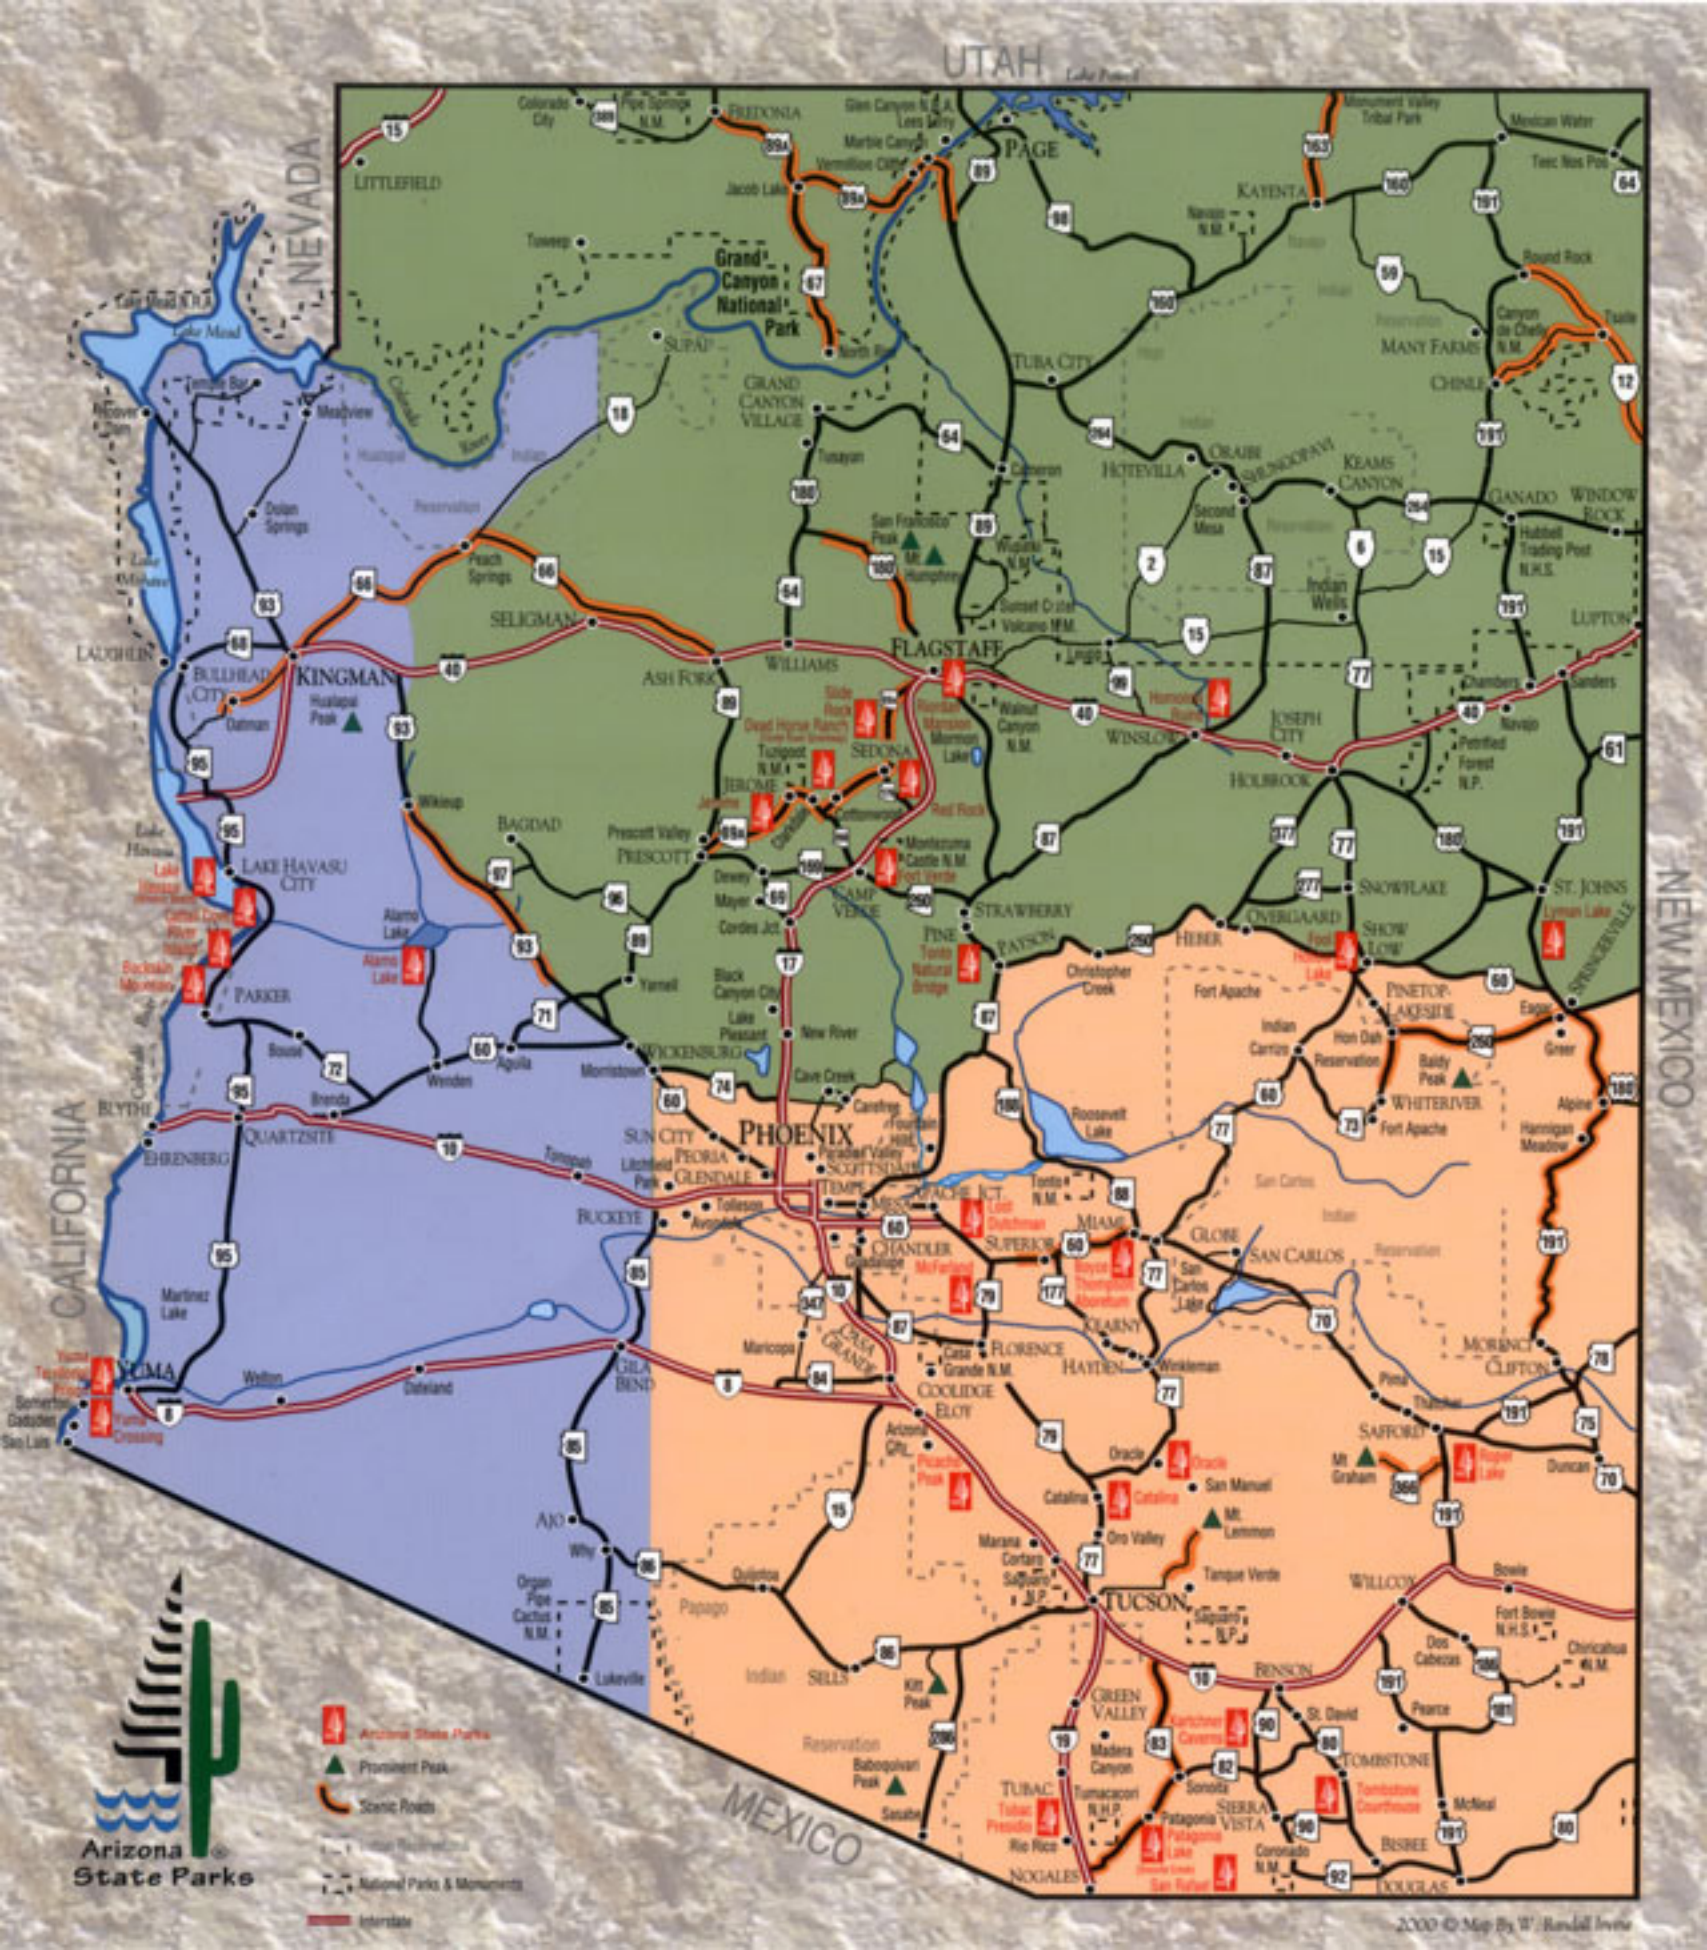

Hollywood movie version of the musical *Oklahoma!* Acquired by Arizona State Parks in September 1998 with a conservation easement and the help of The Nature Conservancy, the public will soon be able to enjoy hiking trails and an interpretive center on the park's 3,557 acres.

Partnership Division

Another component of Arizona State Parks is our Partnership Division. Through the provision of grants, assistance in historic preservation, and promotion of recreational trails, the Partnership Division's influence is felt statewide. Handling not only state mandates, but federal as well, the Partnership Division is influential down to the community level in recreational and heritage issues.

The scenic shoreline of Lake Havasu State Park, the quiet coves of Cattail Cove State Park, or the abundant native wildlife of Alamo Lake State Park, all offer a glimpse of Arizona's beauty. Buckskin Mountain State Park and the nearby River Island Unit offer the weary traveler a quiet respite on the Colorado River. History awaits you at Yuma Territorial Prison and Yuma Crossing State Historic Parks further south on the river. The six Arizona State Parks located in the **Western Region** invite you to explore Arizona!

Mission Statement

"Managing and conserving Arizona's natural, cultural, and recreational resources for the benefit of the people, both in our Parks and through our Partners."

Education

Interpretive education programs help visitors gain a better understanding of the extraordinary diversity of Arizona. Arizona State

Parks assists educators by providing settings and programs to help them meet Arizona State Standards, while helping students make an academic connection to their environment and the world around them. Special programming includes curricula, teacher guides, and related resources for educators. School programs are available by reservation only. For more information contact the individual park or call the Education Outreach Coordinator at (602) 542-7119.

Volunteering

Many thousands of hours are donated each year to Arizona State Parks by a large number of dedicated volunteers. Many people with varied backgrounds assist in our visitor centers and contact stations, interpret our diverse historical and natural resources to our visitors, serve as campground hosts, and provide support in a variety of maintenance, administrative and specialized areas. Volunteers not only bring invaluable knowledge and service to our parks, but also develop their own skills and feel good about giving back to their community. Why not join them? If you are interested in volunteering at any Arizona State Park, please contact us at (602) 542-7152.

Jr. Ranger Program

Become a Junior Ranger at each State Park! Pick up a Junior Ranger Journal at the Ranger Station, complete the activities, and receive your Rocky Ringtail button. Collect them all and have fun learning about our state's natural and cultural history. For more information on the Junior Ranger program, contact the park directly.

Accessibility

Arizona State Parks strives to make each park as barrier free as possible. All parks have some facilities that are accessible, including some trails and tours. Please contact the park for detailed accessibility information. If you need any further accommodations for a disability or require an alternative format for publications, please contact us at (602) 542-7152.

Annual Pass

Visit Arizona State Parks year-round! Arizona State Parks offers an Unlimited and a Limited day-use pass to all the parks (does not apply to camping). Please call (602) 542-4174 for more information.

Pets

Pets are allowed in all campgrounds and on most hiking trails, but are required to be on a leash and attended to at all times. Remember it can be very hot during the summer months, please do not leave animals in parked vehicles during your visit. Pets are not allowed in museums. Guide dogs are welcome in all parks.
